

MEDIA RELEASE

Monday 21st April 2008

BridgeClimb is an Official Provider to WYD08

BridgeClimb is proud to announce its position as an official Provider to World Youth Day 2008 (WYD08).

BridgeClimb's Managing Director, Todd Coates, said "It's an honour to be involved in such an internationally significant event, particularly one that will build bridges between young people from around the world."

"BridgeClimb looks forward to welcoming the youth of the world to Sydney."

From 15-20th July 2008, the world renowned Sydney Harbour Bridge will witness over 500,000 pilgrims - a quarter of whom are from overseas - partake in the special events organised for World Youth Day as they happen around the Bridge and its sparkling harbour.

BridgeClimb has the privilege of leading small groups to the summit of the Sydney Harbour Bridge, 134 metres above sea level, where Climbers can take in the spectacular views of Sydney and observe the historical events as they unfold beneath them.

Registered pilgrims who climb the Sydney Harbour Bridge between Sunday 6th July 2008 and Sunday 27th July 2008 will receive a BridgeClimb souvenir Climber cap.

Each BridgeClimb experience will captivate Climbers from beginning to end, and leave an unforgettable memory of Sydney and its Bridge during this momentous international event. For more information on BridgeClimb visit www.bridgeclimb.com
